Work Experience

Freelance Web Developer, Moscow and Munich **2013 – Present**

Developed several projects for multiple satisfied customers. Some of them are mentioned in “Projects” section.

Centrobit, Moscow; Python Web Developer **2012 – 2013**

The main [Centrobit](#) product (called “Agora”) is a B2B and B2C website engine. I was involved in the migration of the engine from PHP to Python. Participated in the white-box testing and bug fixing for several projects based on the new engine.

Alfabank, Moscow; Intern .NET Developer **2011 – 2012**

[Alfabank](#) is one of the largest banks in Russia. I developed a Facebook application for money transfer between the bank’s clients.

Education

Technische Universität München, Munich (MSc) **2014 – 2016**

Faculty of Informatics

National Research University Higher School of Economics, Moscow (BSc) **2010 – 2014**

Faculty of Business Informatics, School of Software Engineering

Honors & Awards

Participated in **NIRS Student Research Competition** twice, and both times received awards:

- **2011** – 3rd place in the "Business Informatics" section
- **2013** – laureate in the "Business Informatics" section
